### Information 3

Dear Brothers,

We are fast approaching the date of the International Seminar “*Actualization of the Pauline charism in the third millennium: spirituality and mission*”, programmed from 18 June to 3 July 2008 in the house of Divin Maestro in Ariccia. Its preparation is practically complete and we are waiting for the arrival of the participants, to whom we offer even now a warm and fraternal wish of welcome.

In the prospect of a more vast participation of the members of the Congregation to this event, willed by the VIII General Chapter, the Secretariat of the Seminar has created a new space, open to all, on our official site *paulus.net*: it will be activated on 10 June and will contain useful information, documents, interventions, inputs, homilies and the acts of the Seminar. The most important and significant moments of the Seminar, like the opening talk of the Superior General, the conferences, the inputs and the interventions of the participants will be made available *on line*. We invite you, therefore, to check the site periodically. The Secretariat will update it everyday with opportune communications.

We inform the participants to the Seminar that the rooms of the Casa Divin Maestro are equipped with internet connections and with international phone connections as well. It is advisable, moreover, that each one bring with himself/herself his/her own notebook to facilitate personal study and work during the progress of the Seminar itself.

Dear Brothers, we look at the Seminar as a moment of particular grace for the whole Congregation. Let us thank together the divine Master for such a precious gift and let us invoke him so that it may be a privileged occasion for renewal and for the relaunching of our charism and mission, following the steps of blessed James Alberione.

Fraternally in Saint Paul,

Fr. Jose Pottayil and Br. Takahito Tokuda  
*General Councilors SSP and Coordinators of the Seminar*
