

2ND INTERNATIONAL SEMINAR OF PAULINE PUBLISHERS

The 2nd International Seminar of Pauline Publishers was an important congregational event, with the essential objective of deepening the challenges that are profound for Pauline publishing, understood in the widest sense. We believe, therefore, that the Acts are not a point of arrival but rather of departure to go forward in our mission, which must always be attentive to the signs of the times. On the other hand, we need to be aware that if the context of communication changes, it does not change, but rather renews, the challenge of putting the announcement of the Word of God at the centre, which has as its peak Jesus Master, Way Truth and Life, lived according to the style and interpretation of the Apostle Paul.
