

Rome, 9 giugno 2008

## Information 2

Dear Brothers,

Little by little as the International Seminar on the Pauline Charism of the coming June approaches, the Secretariat is working intensely to concretize a more detailed program.

Through the present, we give you:

- the *general schedule* of the Seminar (attachment 1);
- the list of the *participants* (attachment 2);
- the list of the *'pilgrims' to the Pauline Places* after the Seminar (attachment 3).

Furthermore, we call your attention to the following things:

1. Information about your trip (date, arrival and departure time, flight number and airport) must come to us *before 31 May* so that we can organize on time reception and transport.
2. Since during the Seminar are foreseen some "cultural" evenings, we ask you to bring with you the right things so as to make of those evenings moments of encounter that are truly cultural, lively, creative and educational.
3. If anybody has special needs regarding trips, meals, lodgings, we ask the courtesy to make us know as soon as possible.
4. As for the climate, in Europe on 21 June summer will start. The days therefore will be hot enough (25°C- 30°C). However, it will be well to bring with you also some clothing that is not too much for summertime. The Casa Divin Maestro, in fact, is located up on a hill, in the middle of the woods and near the lake of Albano.
5. For any information or assistance about the Seminar, count on one of us, using the e-mail address specified below.

Thanking you for the attention, we wish you good preparation of your voyage to Rome.

Fraternally in Saint Paul,

Bro. Takahito Tokuda, SSP  
*General Councilor*
