

SOCIETY OF ST PAUL

EASTER 2020

«They recognized him in the breaking of the bread» (Lk 24:35).

Dear Brothers,

I hope – also on behalf of the General Government – that Easter, which we celebrate in this troubled time due to the Covid-19 coronavirus pandemic, would lead us to feel strongly the living presence of the Risen Jesus, especially in the Word and in the Eucharist, so that in him – *«who loved to the end»* (Jn 13: 1) – we can find the strength to overcome all situations of suffering and death, fear and discouragement.

We are living in a difficult but also opportune time *«to choose what matters and what passes, to separate what is necessary from what is not. A time to reset the course of life towards the Lord and towards others»* (Pope Francis). Certainly, it is also a time to grow more and more in fraternity and communion to be credible witnesses of the Risen One.

Happy Easter with faith, love and hope!

Fraternally,

Fr. Valdir José De Castro, SSP  
Superiore General
