*"You are a letter of Christ administered by us,  
written not in ink but by the Spirit of the living God,  
not on tablets of stone but on tablets that are hearts of flesh" (2Cor 3:3).*

Dear Brothers,

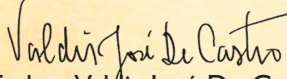

On this Ascension Day of the Lord, we celebrate the 54<sup>th</sup> World Communications Day with the topic *"That you may tell your children and grandchildren" (Ex 10:2). Life becomes history*".

Pope Francis' message this year deals with the theme of storytelling, starting from the principle *«so as not to lose our bearings, we need to make our own the truth contained in good stories. Stories that build up, not tear down; stories that help us rediscover our roots and the strength needed to move forward together»*.

It is a message that, among other things, makes us appreciate our personal history and the history of our confrere who walks with us, in addition to enhancing the history of the Pauline Family and the Bible, the "Story of stories", which is light on our path. A message to reflect individually and as community to revive our life and mission.

To all, happy World Communications Day!

In Jesus Master,
