Holy Christmas 2024

Dear Brothers,

This holy day challenges us and, above all, asks us for a heart that is open and willing to encounter the One who is the Son loved by the Father. Jesus makes himself one of us, poor among the poor, weak among the weak, but we receive the gift of new life from his poverty.

Let us fix our gaze on the many poverties of today, on situations where there is a lack of peace, a lack of dignity of the person, a lack of freedom to communicate... where there is a lack of authentic meaning to live with. Let us listen to the cry for life that, in so many ways, rises from the hearts of many.

May the Holy Spirit, our guide and inspiration, make our apostolate fruitful. As true artisans of Christ, let us be passionate and creative in our mission, giving all of us so that each person may encounter the author of Life, the Hope that does not disappoint.

A Holy Christmas and a Happy Jubilee Year!

Fraternally,
