ARTHUR HERRON. I am not aware of how Arthur came to know the Institute but there is no doubt that he fully appreciated its special advantages and lived so as to avail of them. He came to at least one Tridium many years ago and I was able to have a few words with him, discovering that he was a retired Funeral Director. He went to live in the better climate of Florida but for a long time suffered from various ills that no climate can cure. Several times he came close to entering eternal life in his final years but in every case he rallied and we used to joke about his resistance. Certainly one of the major reasons why he lived to a good age was his wife, Beverly, who looked after him with loving care as I had occasion to notice when she phoned me in floods of tears to say that, finally, her dear husband had left her. Our sympathy goes out to her in this painful moment when, however, she can recall what a major part she played in keeping him well for so long. On his part he was a very conscientious member, never failing to write if his health allowed and continuing to attend Mass as frequently as he possibly could. Not known to most of us, he was well known to the Divine Master who doubtless has already welcomed him into the joy of the Lord.
